

RTS 1000 ROUND TOP SAW

RTS 1000 ROUND TOP SAW

The **RTS 1000** compliments the **VBS 3000** and cuts both round tops and straight edges in one simple set-up. Coupled with Opticut's Special Shapes Software, material requirements and angles are automatically calculated for a perfect fit every time.

Simple Operation

Designed for maximum productivity and ease of use, the **RTS 1000** requires just one operator to perform the entire procedure.

Performance & Reliability

The **RTS 1000** has been engineered for maximum performance and durability. The technology employed by the **RTS 1000** is state of the art and takes a minimum of floor space.
